Aloha Students, Parents/Guardians and Community.

We have zoomed into the Thanksgiving month. I wish to say I am Thankful to all of you and my Faculty in making sure we have been able to keep the School Open and Safe for all our students. Without all of your efforts it would not have been possible. Mahalo for all the hard work put in to make this School a safe place for all.

Yeah, Sports have started and we have allowed spectators to some of the sports if the venue can safely accommodate them. Mind you there are requirements to become a spectator as you must be vaccinated and there is no food allowed in the sport or to be sold. We are happy this is all happening and ask you all to help us keep the sports active for our students as they have waited a long time for this to happen.

We are still offering the ability for you all to join us for Admin Coffee hours two times per month. This month November 10th from 8:30 -9:30 AM and Nov 23rd from 5-6PM. Go to our website "keaauhs.com" and scroll down to the link Admin Coffee hour to join us.

I wish to say Happy Thanksgiving to you all, for those that celebrate, and to all have a safe November month. You are all appreciated and needed to help educate our Keki.

APPLICATION

Minimum requirements

For all students who plan to enroll, we require that final grades be sent directly from the high school.
If Cornell is your first choice, consider applying under the early decision plan. Early decision applications are reviewed in the fall, and you will be notified in mid-December of Cornell's decision

- Early decision is binding.
- If you're admitted to Cornell, you are required to withdraw any applications you've sent to other schools and send your enrollment deposit to Cornell by early January.
- While early decision acceptances to Cornell are binding, students may be eligible to be released from the early decision agreement if the financial aid award does not make a Cornell education affordable for applicants and their families (must have applied for financial aid).

We require you to submit your official secondary/high school transcript(s) before the application deadline. This should be sent by your school online or can be mailed.
Some of our majors, like architecture and art, do require additional forms, portfolios, or design indexes.
Application checklist:

- The common application
- The school report
- Counselor recommendation
- Two teacher evaluations
- The Midyear Report, when your mid-year grades are available
- Official secondary/high school transcript
- $80 application fee or fee waiver
- Cornell University Questions and Writing Supplement (CA)
- Items that are required by the Cornell undergraduate college or school to which you've applied: Interviews or portfolio and design submissions.

Average GPA: 3.45

- Cornell College requires you to be around average in your high school class. You'll need a mix of A's and B's, and very few C's. If you have a lower GPA, you can compensate with harder courses like AP or IB classes. This will help boost your weighted GPA and show your ability to take college classes.

ACT: 27
SAT: 1210
Cornell has suspended the SAT/ACT testing requirement for 2021 and 2022 applicants.

Please congratulate HOSA Club President, 11th grader, Catherine Nishida, for entering her Health Services Directed Studies project in the statewide National Alliance on Mental Illness (NAMI) Student Mental Health Project Competition. She placed 3rd in the public school category with her project to share coping strategies and resources to students headed to college. She virtually presented her project at the NAMI Mental Health Awareness Walk on October 9th and won a $500 prize.

Congratulations to Jadelyn Villegas on being selected as one of the top 40 Under 40 applicants for recognition from the Citizen's CPR Foundation, a global organization that links everyone in the cardiac arrest chain of survival. Jade participated in creating Project Koko, a partnership between the County of Hawaii Fire Department and Hilo Medical Foundation to develop a program to train students to become Hands Only CPR (HOCPR) trainers. She has been invited to participate in the 2021 Cardiac Arrest Survival Summit in San Diego this coming December.

August 30, 2021

Dear Parent(s) or Guardian(s):

In October or November, your child will be asked to complete the 2021-2022 Panorama Student Perception Survey. Your child's perspective is highly valued. Their responses to the survey represent her/his voice in enhancing teacher practice and the whole school climate. We are listening!

One part of the Educator Effectiveness System (EES) related to the evaluation of teacher practice is the student survey, also known as the Panorama Student Perception Survey. All students in grades 3-12 are eligible to participate in the Panorama Student Perception Survey. One component of the EES is Core Professionalism which encompasses the range of responsibilities and activities a teacher handles that are critical to students and schools. Throughout the school year, teachers engage in professional activities that positively contribute to their professional growth and the school culture. Results from the Panorama Student Perception Survey will be used as one form of data for teachers to reflect on as part of the Core Professionalism component of EES.

Individual student answers are confidential and will not be tracked. To maintain confidentiality, online survey responses are transmitted directly to the same survey company for processing. Summarized student-response data are reported to Hawaii State Department of Education's State and Complex Area leadership teams, principals, and teachers to help improve educational practices. Individual responses are not reported.

The Panorama Student Perception Survey was developed under the leadership of Dr. Hunter Gehlbach, Professor and Vice Dean at the John Hopkin's University School of Education, and Director of Research at Panorama Education. Dr. Gehlbach and his research team at the Harvard Graduate School of Education followed a rigorous survey development process consisting of literature reviews, focus groups, feedback from experts around the country, cognitive interviews with students, and multiple rounds of piloting and refining.

This survey is voluntary; however, your child's views are important to ensure a quality educational system. We ask for your assistance in encouraging your child to participate and respond honestly to the survey questions. No further action is required from you unless you do not want your child to complete the survey.

AN AFFIRMATIVE ACTION AND EQUAL OPPORTUNITY EMPLOYER

To request that your child be exempted from the survey, please complete the attached Panorama Student Perception Survey Declination Form. Check the "My child WILL NOT participate in the Panorama Student Perception Survey" box, fill in the requested information, sign the form, and submit the form to your child's school. Forms must be submitted to the school by the date listed on the attached Panorama Student Perception Survey Declination Form.

On behalf of the Hawaii State Department of Education, we thank you for your cooperation and support of our public schools. Should you have any questions, please call Ms. Morgan Yamamoto, Evaluation Specialist, Accountability Section at (808) 733-4008 or the EES Help Desk at (808) 586-4072.

Dear Parent/Legal Guardian,

During the 2021-2022 school year, all students in grades 3–8 and 11 will take the Smarter Balanced English Language Arts (ELA)/Literacy and Mathematics Assessments and all students in grades 5 and 8 will take the Hawai'i State Science (NGSS) Assessments. All students in Biology will take the Biology End of Course Exam. Your child may take the assessments on different days during the school year. Fall testing dates are from November 22 to December 17, 2021. Spring testing dates could start from March to may 26, 2022.

The purpose of the assessments is to provide you and your child's teacher(s) with information about the extent to which your child has met identified content standards in ELA/literacy, mathematics, and science, depending on your child's current grade level. A *Parent Information Booklet* with information about the Smarter Balanced and Hawai'i State Science (NGSS) Assessments and what you can do to help your child prepare has been posted online at https://smarterbalanced.alohahsap.org/resources/. Before the assessments, please visit the alohahsap.org portal.

The *Elementary and Secondary Education Act*, as reauthorized by the *Every Student Succeeds Act of 2015 (ESSA)*, requires states to establish challenging standards, develop aligned assessments, and build accountability systems based upon educational results. All students are included in a state's system of standards, assessments, and accountability.

The Department of Education strongly encourages all parents to have their children participate in the Smarter Balanced ELA/Literacy and Mathematics Assessments and the Hawai'i State Science (NGSS) Assessments so that we can better identify their academic strengths and needs.

If you have any questions, please contact the school at

If your child is not feeling well or displays any cold or flu-like symptoms on the scheduled date of testing, your child will not be allowed on campus.
