Aloha Students, Parents and Guardians of Kea'au High School:

First, I would like to say Happy Holidays to you all. Please be safe and help our community stay COVID free.

We are looking at starting our second half of this school year with what is called the blended model. This means we will be doing the A/B schedule we originally planned for. We split the A/B into alpha. We did not change the process, so if your child was supposed to start this past school year off on the A or B school schedule, they would be on that same alpha starting Jan 7th with A, and Jan 8th with B.

We are asking that you all look at making sure our students come with a mask and practice social distancing as they have not seen each other since last March. We really want to keep the school open and social distancing and wearing a mask will be the only way that will happen. Please make sure that your students bring back their computers fully charged and their charging cords when they return to campus to use. We are excited to have everyone back.

I will have a question-and-answer link on our website "keaaus.com", main page under Admin Question and Answer for Thursday the 17th and Friday the 18th from 4-5PM. We look forward to a great 2nd half of this school year.

Remember we are now switching to all ODD classes as the even classes are pau for this school year. Look forward to seeing you on either Thursday or Friday from 4-5PM.

Aloha

Principal Cevallos
